

COOPERTIRES

Discoverer Sport HP

A superbly balanced tyre, the **Discoverer Sport HP** delivers a quicker, sharper on-road steering response thanks to advanced sidewall stiffening. Then the cleverly designed directional tread pattern repels water to aid grip in the wet.

Discoverer Sport HP

- Cool-Running Undertread:** Reduces heat build-up in the tyre.
- Jointless Belts:** Improves uniformity and high speed stability.
- Opti-Noise Technology:** The tyre pattern is used to reduce noise.
- Tall Sidewall Stiffener:** Reduces the wallowing feeling often felt on corners by drivers of 4x4 vehicles, together with quicker steering response.
- H/V-Rated All-Weather:** Matches the performance requirements of today's SUV's needs.
